

THO-USA

Tamils Health Organization, USA
An organization of Tamil Health Care Professionals
living in USA
Non-profit, non-political establishment
It's peacetime in North-East of Sri Lanka
It's time to rebuild the Tamil Nation

- ❖ Twenty years of war has ruined the health care infrastructure in the North-East
- ❖ It's true the infant mortality rate in the North-East of Sri Lanka used to be half compared to rest of the country; Now, it is double compared to South as per WHO.
- ❖ It's true the children in the North-East of Sri Lanka are malnourished compared to the rest of the country as per World Food Program.
- ❖ It's time to help our people before it's too late.....
- ❖ We need your help.....

How can THO-USA help?

- Provide clinical support by staffing health care centers and mobile clinics in North-East
- Train next generation of Health care professionals to work in North-East
- Gather medical equipment and medicine to be sent to North-East of Sri Lanka
- Fund raising including raising funds through pharmaceutical companies
- Provide consultation and draft health care projects for North-East

Our first project is to build a primary health care center in Mullaitivu district, one of the worst affected areas by twenty years of war. It will cost US\$ 42,500 to build the center.

We are looking for doctors, nurses, physiotherapists, pharmacists and lab and radiology technicians to travel to North-East of Sri Lanka for a period of two weeks
